Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2014 - December 31, 2014

Filing Confirmation Number: 0006629192

Filing Deadline: January 15, 2015

FRN: 0002751881

Filing Date: 01/22/2015 10:43 AM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: Thumb Cellular, LLC
Brand Names: Thumb Cellular
PO Box: 650
Street Address: 7585 W. Pigeon Rd.
City: Pigeon
State: MI
Zip Code: 48755

Contact Name: Brent Wehner
Contact Phone: (989) 453-4333
Contact Fax: (989) 453-4363
Contact Email: brent.wehner@thumbcellular.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency

band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007 include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operations?
N/A

Explain:

Do all hearing aid-compatible handsets that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: www.thumbcellular.com

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Customers are advised of the availability and functionality of Hearing Aid Compliant (HAC) handset models through in-store discussion as needed or requested and through information found on our website.

Methodology for Functionality Levels

Determination of a handset's level of functionality was based on the features offered and the operating capabilities of the unit. Thumb Cellular has identified the following two (2) levels of handset functionality:

1. Non-Smart Phones -- offer basic calling ability, have basic texting ability, have a camera and Bluetooth technology, and work either on the 1x or 3G data networks.
2. Smart Phones -- includes handsets with all of the functions and capabilities as in category 1, and they also have full functionality of a PDA. These devices work either on the 3G or 4G/LTE data networks. Included in this category are Apple devices and Android devices by Alcatel, HTC, LG, Motorola, and Samsung.

Report Remarks

Reason for Late Filing: Thumb Cellular, LLC had timely uploaded the 2014 HAC Report handset information on or about January 13, 2015. However, Thumb Cellular, LLC did not submit the HAC filing prior to the January 15, 2015 filing deadline. The oversight was noticed by Thumb Cellular, LLC during a routine regulatory compliance review and the 2014 HAC Report is being submitted during the succeeding business week immediately after the HAC reports were due to be filed. Because the HAC handset information was timely uploaded by Thumb Cellular, LLC into the ULS in advance of the January 15, 2015 filing deadline, because the failure to submit the 2014 HAC Report was inadvertent, because the oversight was caught by Thumb Cellular, LLC soon after the the filing deadline as a

result of a routine internal regulatory review, and because Thumb Cellular, LLC promptly discovered the oversight and promptly contacted the Commission to take corrective action, it is respectfully submitted that the facts disclose that Thumb Cellular, LLC was fully committed to timely filing the 2014 HAC Report and that the public interest was not threatened nor harmed by the brief filing delay, and that a waiver of the January 15, 2015 filing deadline found at 20.19(i) of the Commission's Rules for this brief period would serve the public interest.

You have reported the following handset model summary information.

Total number of handsets offered: 25

Air Interface	Fully Hearing Aid Compatible Number Percent		Acoustic Coupling Compatible Only Number Percent		Non-Compliant Handsets Number Percent	Total by Air Interface
CDMA	24	96%	1	4%		25
LTE	13	93%	1	7%		14
